

STRIKERS HAVE GAINED GROUND

SWEDEN'S TROUBLES ARE MANY THESE DAYS.

END NOT YET IN SIGHT

Printers and Allied Trades Last to Walk Out—Troops Closely Watched.

Stockholm, Aug. 9.—The end is not yet in sight for Sweden's labor troubles and what will come within the next few days remains to be seen. The strikers continue to gain ground and the last to join their ranks are the printers and their allied trades. The soldiers are being watched closely, the revolt of the government being a warning to the government.

What Alfonso has undergone in Madrid and Barcelona Gustav seems likely to experience in his own imperial city. In these days of modern progress it seems but a step from a strike to socialism and from socialism to revolution. To those who know Europe it would seem almost as the writing on the wall.

The working man of Sweden is waking up to his position and importance in the world today and is fast tired of the taxes necessary for the upkeep of a figurehead royalty; a more far-reaching and intelligent system of education has brought him almost at a single bound into the arena of history.

Stockholm is in every way a great commercial city, manufacturing steel, iron, tin, lead, zinc and copper, and doing a tremendous export lumber trade. The harbor is closed by ice for some four or five months in the year and its climate greatly resembles northern Ontario.

Stockholm itself has had many troubles in its history. It was the capital back to 1187, and in 1389 it was captured by Margaret of Denmark. In 1471 it was retaken by one Sten Sture, who gained a glorious victory over the Danes and drove them out. It was but a brief dream of liberty, however, for Christian II. of Denmark took it in 1520. In 1814 Norway and Sweden joined forces and were united under the same sovereign, and this compact held good until as recently as 1905, when a peaceful parting took place and King Oscar took over the reins of power. Sweden, like other continental nations, has conscription, but the terms of military service have continually lengthened from 1902 up to the present date. In 1902 a man was drawn for military service with the colors, putting in ninety days with them. This has been increased until now they are required to put in 172 days per year, this to be further increased to 240 in the case of artillery, infantry and cavalry corps. To a commercial city such as Stockholm is this undoubtedly bears heavily upon the working man and has had more to do than appears upon the surface in the matter of the present struggle of the people.

Another factor is the low scale of wages paid in Sweden, \$1 to \$5 being the usual standard of pay for the working man. The present trouble started when 15,000 men of the linen and woolen industries went on a strike. Since then other trades got into line and ranged themselves upon the side of the strikers and took advantage upon their behalf. The next net was that of the ironmasters who, in sympathy with the capitalists, locked out 30,000 men. Since then matters have gone from bad to worse until today there are 300,000 men on strike.

The entire army of Sweden is standing at attention, as it were, and Stockholm is in a state of war to all intents and purposes. Soldiers guard every approach to the city, the banks are closed and the ferries have stopped running. Worse than all, Stockholm has gone dry for all beer and intoxicating liquors have been forbidden to be sold, presenting to the world a picture of a city paralyzed in every branch of its industry.

MOTHERS LETTER GIVEN TO COURT

SUTTON INQUIRY RECONVENES THIS MORNING FOR MORE EVIDENCE.

CALLS COMPANIONS "CADS"

Refers to Claims Made by Dead Officer as to His Treatment by Other Officers in Corps.

Annapolis, Md., Aug. 9th.—At the reconvening today of the court of inquiry into the death of Lieut. James S. Sutton on the motion of Major Henry Leonard, the letters written by Mrs. Sutton, mother of the dead officer, were read in open court. The letters addressed to Harry M. Schwartz, of the paymaster's office, Washington, D. C., give Mrs. Sutton's version of what occurred on the night of her son's death.

The letters give details of the numerous wounds inflicted upon him and allude to his companions as "wild boaters" and "low brutes." She referred to a letter from her son in which he described his fellow officers as "low cads" and bitterly criticized Lieutenants Adams and Osterman, and others.

INSTANTLY KILLED HIT BY AN ENGINE

Walked Down Track Ahead of Train And Did Not Heed Warnings of Whistles.

Oakliff, Aug. 9.—Raymond Klotter, a carpenter employed by the Morgan Smith and Door Co., was almost instantly killed Sunday evening by being struck down by a locomotive on the Wisconsin Central railroad. Klotter was walking south along the railroad track and the locomotive was coming south. It is said that the engineer blew the whistle and reversed the engine but the man seemed to pay no attention to the signal and continued to walk directly toward the engine until struck. He was forty-two years of age and leaves a wife and two children at Almoneto.

WINTER WHEAT HAS DROPPED IN VOLUME

Department of Agriculture Gives Out Its Estimate on the Present Crop.

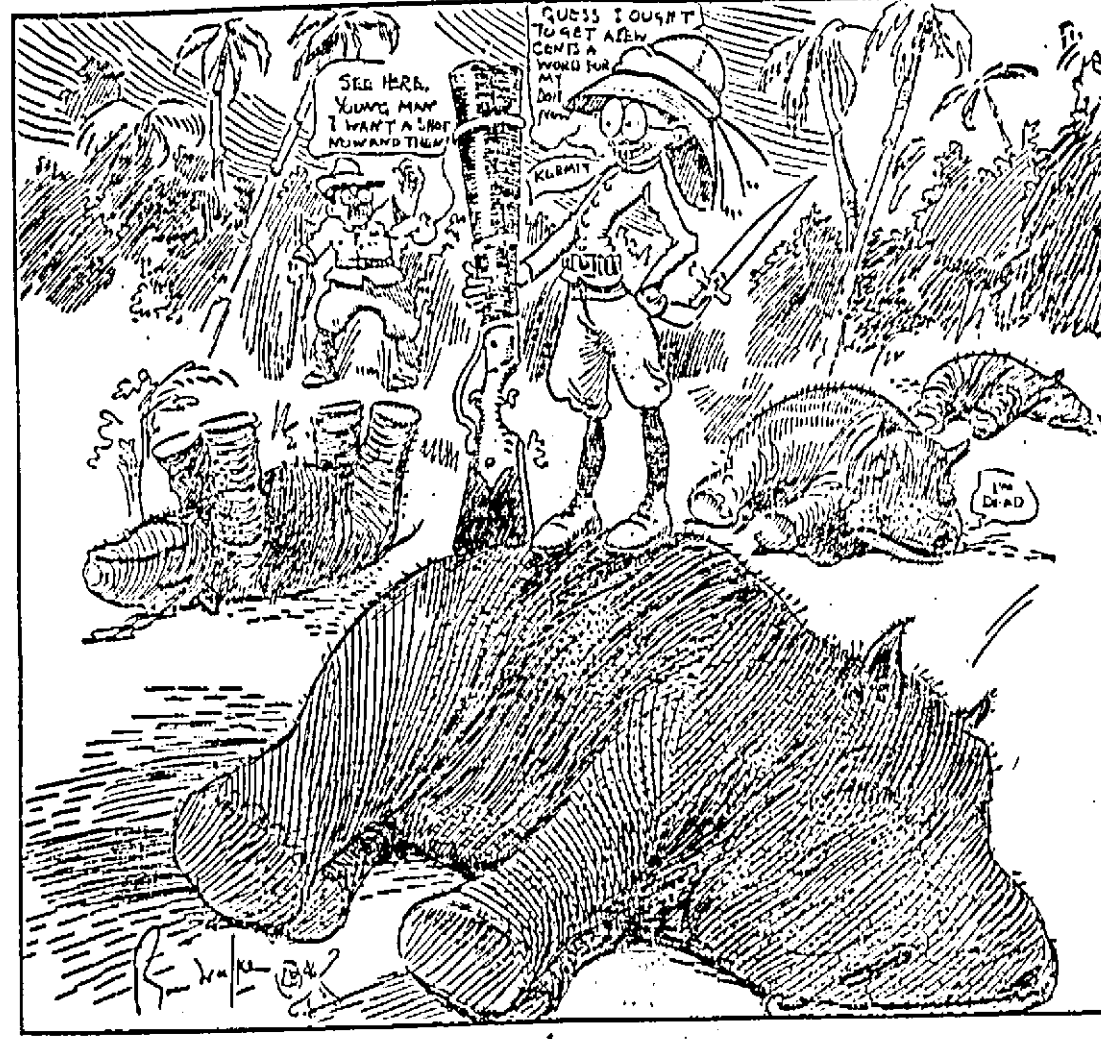

Washington, D. C., Aug. 9.—It is indicated that winter wheat will yield 432,000,000 bushels, as compared with 437,308,000 bushels last year. It has been finally estimated that the average quality of winter wheat is 90.3, against 90.1 of a year ago; corn is 81.4 against 82.5; spring wheat, 91.5 against 89.7; oats, 85.5 against 76.8. This summarizes today's crop report of the department of agriculture.

Affects Stocks. New York, Aug. 9.—Stocks today declined one to three points on the publication of the government's crop report.

TO BEGIN WORK ON THE YAHARRA CANAL

Madison People Not Waiting for Government to Begin Their Work for Them.

Madison is not going to wait for the United States Government to build them a launch canal from Madison to Lake Waubesa and have raised some seven thousand dollars to dredge the Yaharra between the two lakes and make a suitable canal for the use of small boats. The work is to begin at once and it is expected that next year the canal will be finished through from Lake Waubesa to Lake Kegonsa where many Janesville people have cottages. From Wisconsin to Minnesota the canal will follow the course of the river pretty closely and the sides will be banked with the sand thrown out practically reclaiming several hundred acres of marsh land. The work between Waubesa and Kegonsa will be more expensive and will necessitate several locks. From Kegonsa to the Rock river will be even harder to accomplish than either of the other canals and will probably not be attempted until the government takes hold of the work.

CIVIL WAR VETERANS AT SALT LAKE CITY

C. A. R. Encampment Opened Today in Utah's Capital—Many People Attending Sessions.

Salt Lake City, Utah, Aug. 9.—The opening of C. A. R. encampment week today found Salt Lake City filled with veterans and other visitors representing almost every nook and corner of the land. Incoming trains this morning added thousands of the great host already here, and fifty thousand is now regarded as a conservative estimate of the number of strangers who will be in the city this week.

The official program does not begin until tomorrow and from that time until the close of the week every day will be fully occupied. The social events planned for the visitors are many and elaborate. Various state headquarters were opened today in the hotels and the local posts, patriotic societies and social clubs kept open house for the veterans and their friends. Official headquarters were opened at the Knutsford this morning by Commander-in-Chief Nevins and his staff.

With the arrival of the main army of veterans the political aspect of the encampment has become a noticeable feature. Campaign headquarters have been opened in the interests of both the leading candidates for commander-in-chief, ex-Governor Van Sant of Minnesota and Col. W. A. Ketchum of Indiana.

ARID, STERILE LAND WILL BE RECLAIMED

Country-Wide Representation at Irrigation Congress Beginning in Seattle Today.

Spokane, Wash., Aug. 9.—With delegates present from almost every state and territory of the Union, from Canada, Mexico, Japan, China, from Europe and several of the South American republics, the seventeenth annual session of the National Irrigation Congress opened in Spokane today. More than 2,000 visitors are in the city and it is expected the total attendance will approach 5,000 when the gathering gets down to business in earnest tomorrow.

Not since the beginning of the movement looking toward government aid in the vast scheme of irrigating the arid west has so much interest been taken in the meetings of the irrigation congress. In the beginning of the movement only the states west of the Mississippi were actively interested. Now, the entire country has manifested its interest by sending delegates to the congress. Included in the attendance are railroad presidents, financiers, scientists, government officials, engineers and practical men in other lines of activity.

The gathering was called to order this morning by R. L. Ingber, chairman of the board of control. Rev. Dr. William J. Hildreth, pastor of the Fifth Avenue Congregational church, offered the invocation, and Governor May and Mayor Pratt delivered addresses of welcome. The response for the visitors was made by George E. Burdette of Texas, president of the National Irrigation Congress. The remainder of the initial session was taken up with the report of the executive committee and other routine business.

The sessions will continue until Saturday, and during that time much important action is expected to be taken looking toward the further reclamation of the vast unsettled territory of the west that but awaits the touch of water to blossom and bear fruit. While irrigation will be the general topic of consideration, numerous kindred subjects will receive attention, including drainage, deep waterways, forestry, dry farming, immigration, and home-building.

The importance and representative character of the congress may be judged from the following list of notables who are scheduled to deliver addresses during the five days' session: James J. Hill of St. Paul, former editor of the Minneapolis Tribune; Governor Spry of Utah; Governor Brady of Idaho; Governor Norris of Montana; United States Senator Perkins of California; United States Senator Jones of Washington; Clifford Pinchot, chief of the United States forestry bureau; Fredrick Newell, director of the United States reclamation service; Howard Elliott, president of the Northern Pacific Railway company; John Barrett, director of the International Bureau of American Republics; United States Senator Cummins of Iowa; United States Senator Heyburn of Idaho; Governor Gilchrist of Florida, and ex-Governor Adams of Colorado.

Numerous cities are bidding for the 1910 meeting of the congress. Among them are Chicago, San Francisco, St. Louis, Pueblo, Rochester, and Charleston, S. C.

BANK GUARANTY LAW IN STATE OF TEXAS

Measure Similar to One Passed in Oklahoma in Effect in the Lone Star State.

Arlin, Texas, Aug. 9.—The new guaranty of bank deposits law passed by the recent special session of the Texas legislature went into operation today. The law is similar to the Oklahoma law in all its most important provisions. It provides for and defines two alternative methods of plans for the protection of the depositors of state banking corporations which are referred to as the "guaranty fund plan" and the "bond security plan" respectively. The state banks by vote of their stockholders may decide which plan to adopt. In the event that a bank fails to adopt their plan the state commissioner of insurance and banking is to institute suit to forfeit its charter.

EVEN CHORUS GIRLS HAVE A GOOD UNION

Branch Organizations of Union Well Represented at the Convention in Chicago.

Chicago, Aug. 9.—When the theatrical manager the coming season gives notice of a cut in the chorus girls' salary the latter may confidently tell him that there will be no klieg coming. The National Association of Chorus Girls, according to reports to be submitted to the annual convention of the organization, will be strong enough to stand up for the rights of its members. The association is to hold its convention at the Saratoga hotel in this city this week, opening tomorrow and continuing the next day. Local branches of the association in New York, Chicago, Minneapolis, St. Louis and number of other cities will be represented by delegates.

WRITES TO STREET CAR LINE OWNERS

City Attorney Maxfield Begins His Work Relative to Improvement of Local Car Line.

City Attorney Maxfield has written to the Hibdon estate, which owns the local street car line, relative to the orders of the council which empowered him to start suit against the company with a view of having their franchise revoked unless they improved the local line in a satisfactory manner. Mr. Maxfield first took the matter up with the road's local attorneys, Jeffris, Mout, Smith & Avery and then at their suggestion wrote directly to the owners of the road. Unless some definite promise is obtained from them Mr. Maxfield will begin suit in the circuit court at once. The matter will, however, be first presented to the attorney general of the state for his consideration and his office will work with Mr. Maxfield in the matter.

DIVORCES GRANTED: DECREES OF DIVORCE WERE GRANTED BY JUDGE GRIMM IN CIRCUIT COURT TODAY IN THE GREEN COUNTY ACTION OF EDNA P. FRAZELL vs. Andrew W. Frazell, and Augustus Stark vs. Fred Stark. Attorneys A. N. Randall and Burr Sprague appeared for the plaintiffs. In the Stark case the plaintiff was granted the custody of the children and defendant was directed to pay \$500 as her portion of the property. The defendant made no appearance in either case.

IMPORTANT THINGS UP FOR DISCUSSION

Questions of Old Age Pensions and Insurance Talked Over at Convention of Typographers.

St. Joseph, Mo., Aug. 9.—Three hundred and fifty delegates and twice as many visitors filled the Auditorium today at the opening of the fifty-fifth annual convention of the International Typographical Union. The convention did little more than organize at the opening session. President James M. Lynch called the gathering to order and delivered the opening address. Addresses of welcome were made and responded to and the necessary committee appointed. A trolley ride to points of interest in and about the city was on the program for this afternoon.

Among the matters taken up at considerable length in the annual report of President Lynch were the labor propaganda of the organization, and the proposal to establish an insurance feature. The report dealt at length on the efficient work that has been done by the union in its health campaign, and the work it has accomplished in its war against tuberculosis.

The annual report of the secretary, treasurer, J. W. Hays, showed that the total expenditures of the organization during the year ending May 31, 1909, were \$468,061.73, and that a balance of \$268,728.74 was left in the treasury. It showed that the number of burial benefits paid during the year was 509, representing \$38,176. This was a smaller number of burial benefits than for any preceding year since 1903. The average number of members in good standing during the year was 44,321, and the average membership for the last three months 47,171. In regard to the old age pension, the report showed total expenditures of \$69,656.36, and a balance on hand of \$10,731.41 on for the honor of entertaining the convention of next year. Among the leading applicants are Atlanta, St. Paul and Salt Lake City.

NATIONAL RIFLE TOURNEY OPENS

SHARPSHOOTERS FROM ALL OVER UNITED STATES AT CAMP PERRY, OHIO.

MUCH RIVALRY IS SHOWN

There Will Be Double-Line Conflict—West Struggling Against East—And Regulars Against Militia.

Camp Perry, Port Clinton, O., Aug. 9.—The greatest national rifle tournament in the history of the country, embracing a series of separate contests for practically all classes of sharpshooters opened this morning on the famous range facing the battle ground where Commodore Perry shot up the British in 1812, and for nearly one month thousands of rifle experts, in teams, or individually, will compete in a bloodless battle for supremacy. Several thousand of the contestants in the various events have already arrived here and are comfortably encamped in the tents provided by the state of Ohio.

The tournament which opened this morning and which will include sixty matches, is the first annual tournament of the newly organized department of the Lakes Rifle association, including Ohio, Kentucky, Indiana, Illinois, Michigan and Wisconsin, and of the Ohio State Rifle association. Five of the events are matches open only to members of the Ohio National Guard. The other events of the Department of the Lakes Rifle association are open to members of the association as well as to members of the Ohio National Guard. The matches of the Ohio State Rifle association are open to all comers. They will number 28. During these contests more than 1,200 riflemen, all crack shots, will be on the firing line.

These events will be followed by the seventh annual national matches, August 20 to 26, inclusive, under the direction of the National Board for the Promotion of Rifle Practice, the team match for the national trophy authorized by congress, and heavy cash prizes, and the national individual and national pistol matches. The tournament will conclude with the twenty-seventh annual shoot of the National Rifle association, in which nearly every marksman of prominence in the country will participate.

NATIONAL RIFLE TOURNEY OPENS

SHARPSHOOTERS FROM ALL OVER UNITED STATES AT CAMP PERRY, OHIO.

MUCH RIVALRY IS SHOWN

There Will Be Double-Line Conflict—West Struggling Against East—And Regulars Against Militia.

Camp Perry, Port Clinton, O., Aug. 9.—The greatest national rifle tournament in the history of the country, embracing a series of separate contests for practically all classes of sharpshooters opened this morning on the famous range facing the battle ground where Commodore Perry shot up the British in 1812, and for nearly one month thousands of rifle experts, in teams, or individually, will compete in a bloodless battle for supremacy. Several thousand of the contestants in the various events have already arrived here and are comfortably encamped in the tents provided by the state of Ohio.

The tournament which opened this morning and which will include sixty matches, is the first annual tournament of the newly organized department of the Lakes Rifle association, including Ohio, Kentucky, Indiana, Illinois, Michigan and Wisconsin, and of the Ohio State Rifle association. Five of the events are matches open only to members of the Ohio National Guard. The other events of the Department of the Lakes Rifle association are open to members of the association as well as to members of the Ohio National Guard. The matches of the Ohio State Rifle association are open to all comers. They will number 28. During these contests more than 1,200 riflemen, all crack shots, will be on the firing line.

These events will be followed by the seventh annual national matches, August 20 to 26, inclusive, under the direction of the National Board for the Promotion of Rifle Practice, the team match for the national trophy authorized by congress, and heavy cash prizes, and the national individual and national pistol matches. The tournament will conclude with the twenty-seventh annual shoot of the National Rifle association, in which nearly every marksman of prominence in the country will participate.

This year's tournament is arousing unusual attention because of the new classification of the teams competing in the national match—the division of the contestants into three classes, A, B and C, whereby weaker teams, which have heretofore had no show of winning any prize, now are encouraged by the chance of landing something. Instead of the six best teams getting all the prizes, under the new arrangement the first fifteen teams in the 1908 match—Class A—will compete for the national trophy and four prizes amounting to \$1,350; the second fifteen—Class B—for the \$3,000 Hiltner trophy and \$1,025 in four prizes; and the remainder of the field—Class C—will have a chance at the Bronze Soldier of Marathon and four prizes aggregating \$845. Thus twelve, instead of six teams, will this year get prizes and the cash prizes amount to a total of \$3,220 instead of \$875.

The national match fight this year will be a double-line conflict between the regulars and the national guardsmen and between the east and the west. The regulars have bagged the national trophy three years in succession—the infantry in 1906 and 1908 and the navy in 1907—following New York's triple victory in 1903, 1904 and 1905, with Massachusetts third in 1906 and second in 1907, and Ohio third in 1905 and 1907. Last year the four service teams—the infantry, navy, cavalry and marine corps—respectively, grabbed the first four prizes. This state of affairs led, a year ago, to a pretty general demand on the part of the state teams for a change of classification that would put the regulars into a class by themselves. But that revolution was not effected and the regulars and the guardsmen made the most careful preparations for this year's great contest.

The rivalry between the east and the west at the annual tournament is of great significance. The New England and the Middle Atlantic sharpshooters must look sharp to their laurels or lose them. The long-range shots from the plains and mountains of the west have distinctly "arrived" and will, undoubtedly, give a good account of themselves. The West during the past few years and the West now occupy five places in Class A, and the East four, and the Western marksmen will make a determined effort this year to increase their gain.

Secretary of War Dickinson is greatly interested in rifle practice and it is expected that he as well as his young son will visit Camp Perry during the tournament. Assistant Secretary of War Robert Shaw Oliver will probably remain here during the entire meeting and many members of congress and high officers of the army and navy are expected to drop in at some time during the progress of the shoot.

ANNOUNCES ARRIVAL AFTER FINE VOYAGE

Word from John H. Fisher Says He Is Safe on French Soil After Pleasant Trip.

In a letter received from John H. Fisher of the town of Center, who was the winner of last year's Gazette voting contest, he announces his safe arrival at Havre, France, after a most pleasant voyage. Mr. Fisher is probably in Paris today and will then go to England and Scotland before returning to this country.

DAYS OF BIG SPECIAL
OFFER SLIPPING BY

Contestants Determined to Win Prizes Worth While—Friends Prove

Loyal—Prize Mathematician of Contest Department Does Some

Rapid Calculating—What Might Happen.

The special offer opened Saturday, August 7, 1909, and closes August 17, 1909. The contest closes September 4, 1909. Do not get the dates confused.

"I do so want that piano," writes one of the girls from the second district, "but if I don't get the piano, I will surely be satisfied with the beautiful diamond ring and perhaps that will be better, anyway. Of course a piano."

But she does not seem to have been able to do perfect justice to how she would feel in case she won the piano and she just let it go at that. Of course those who are ambitious and will not be satisfied with anything but the very topmost prizes are not to be comforted with talk about the diamonds or other prizes.

And they had better be looking about them—these ambitious ones, the race is not always to the swift and there is plenty of time for new candidates to get into the contest now and get into the very first class among the topnotchers. The contest editor has had the contest mathematician going over the returns and making "dope" as politicians do in an election. And the things he shows are rather astonishing. For instance:

Room at the Top.
A candidate might come into the contest in the city district, and make a try for the first prize—the beautiful Newman Bros. piano, and her case would be far from hopeless if she had friends and energy. She could land at once in the first place with votes that a few subscriptions would get her. These conditions are practically the same in the districts outside of the city.

Here is material to think about. Just figure it out for yourself on any basis in accordance with the voting rules and see if it is not worth while getting into the game. A little figuring may do a whole lot of good. There is an unthought of chance for those now down in the list.

Special Offer Closes Aug. 17.
Tuesday evening, August 17, at 8 o'clock, the present inducements for new subscribers will close and this great opportunity will end.

This one day should be filled with the greatest possible effort on the part of every candidate in the race. All subscriptions to enter in this offer must be in The Gazette's office at that time or be such distinguished marks of the home postoffice as will prove that the subscriptions were mailed before or on the date and hour named as the closing time of the special offer.

Any of the contestants who desire a subscription book may have same by informing the contest department by letter or phone.

If you want a prize, get busy—by getting your friends to save the coupons that appear daily, or subscribing for The Gazette, or have them renew their subscriptions, as votes are based on all subscription payments.

Special Offer.
The special offer opened Saturday, Aug. 7, and closes Tuesday, Aug. 17. The contest closes Sept. 4, 1909. Do not get these dates confused.

Contestants should not fail to take advantage of the special offer to increase their reserve votes.

25,000 extra votes will be given to each and every contestant who turns in five new twelve-month subscriptions to The Gazette between now and Tuesday.

Ten thousand extra ballots will be given to each and every new contestant who turns in five new six-month subscriptions to The Gazette. One new two-year subscription counts as two new one-year subscriptions.

It is not necessary to hold back the subscriptions until you get five; bring in as many as you want and the proper credit will be given you. The special ballot will be mailed to you on Aug. 21. The regular ballot will be sent upon receipt of each subscription, all of which may be held in reserve. The special ballot is issued only on five or more new subscriptions or their equivalent. It is not necessary to send the five or more subscriptions in at one time. These subscriptions can be for city or country, or both city and country.

"Future" Orders.
Don't give up getting a party as a subscriber simply because he is already taking some other paper for which he has paid in advance. Take his subscription to The Gazette to begin at the expiration of the other paper, and when that time arrives, he will begin to receive The Gazette.

Still Time to Nominate.
The nomination blank will be withdrawn Aug. 9. Where is the young lady who will enter now before it is too late?

Still Time to Nominate.
This is the last appearance of the nomination blank. Would-be contestants, take a good look at it with this idea in mind—"Hurry! I better get in on this great proposition!"

No more blanks will be received after 8 p. m. Tuesday, Aug. 10, but contestants holding nomination blanks can vote them on or before Aug. 21.

Open Evenings.
For the benefit of those who cannot call during business hours this office and contest department will be open every evening until 8 o'clock.

Are You In Doubt Where to Spend

Your Vacation?

The Great Train Railway System (double track) offers the choice of many delightful resorts via Canada, New England and on Jersey Coast. Sweetal low round trip fares to many of them. If you will advise how much you have to spend for railroad fare, a publication describing attractive routes to the sections you can reach, together with fares, will be sent you. W. S. Cookson, A. G. HAVE MET AGAIN

AFTER 47 YEARS

Laban Fisher of This City and His Cousin, John Harvey of Hamilton, O., Holding a Reunion.

Laban Fisher and a cousin, John Harvey of Hamilton, Ohio, who were boyhood companions in Columbus county, Ohio, fifty-six years ago, and who have not seen one another since a brief meeting at the funeral of Mr. Fisher's uncle, in Richmond, Ind., some forty-seven years ago, are indulging in reminiscences of their childhood and young manhood days. Their paths have crossed again quite by accident. Mr. Fisher came here with his family for an outing at a camp up river. During the half century that had elapsed since their last meeting, the two cousins had lost track of one another and it was a chance visit at the camp of Mr. Harvey's grandsons who reside in Milwaukee and who were aware of Mr. Fisher's residence here, that brought them together. The meeting was arranged by the Janesville man's nephew, Atty. A. M. Fisher, and took place at the home, 416 Milton avenue.

Mr. Fisher is seventy years of age and his cousin is three years his junior. The former was a member of the hospital corps of the Sixteenth Indiana Infantry and served under his uncle, who was a surgeon, and at whose home he and Mr. Harvey visited with one another for twenty minutes at Richmond, Ind., forty-seven years ago. Mr. Fisher had at that time been given an honorable discharge and was on his way to Janesville where he had located in 1853. Subsequently he re-enlisted and again served his country in the war of the rebellion.

Though the years have treated both kindly, neither would have recognized the other without an introduction. It is hardly necessary to say that both have immensely enjoyed the reunion. Mr. Harvey departs this week for Chicago where he will visit with relatives before returning to his home in Ohio.

Enthusiastic baseball fans were gathered at the three baseball parks in the city to witness the contests between the six nines of the Commercial league. The standing of the teams in the league remains the same and all the teams with the exception of the Janesville Machine company and the Parker Pen company have been eliminated from the running for the championship as there are but three games more to be played. It now looks as if the struggle for the cup between these two teams would be close. The Machine company now is first choice for it with the Parker

Pen company a close second and as determined as the Machine company to get the honor.

At Dunn's pasture the Lewis Knitting company and the Parker Pen company played engaged in a lively slugfest and running match, the "Pen-makers" getting two more runs than the "Spinners," so that the final score was 16 to 14. For "walking," Bennett, for the Parker Pen company, proved to be almost the peer of Weston, Howard allowing him to trot around the bases six times. Lantz and Kline were the "Spinners" star pe

A Recipe for Good Looks
The first "ingredient" in the recipe for good looks is pretty teeth.
Given a fine, good looking set of teeth, no man or woman need have any fear that he or she will be called anything but good looking.
Next to the eyes, the teeth are most in evidence.
Every word that is uttered shows the teeth; every smile shows the teeth; every time one takes a mouthful of food the teeth are in evidence. be they good, bad, or a mixture of both.
We put the question directly up to you:
Do you want to make a good impression?
Then have your teeth cared for by the Dentist.
I believe I am fitted by experience, equipment and ability to do well by you.
Let me care for your mouth.

FOUR WEDDINGS TO TAKE PLACE DURING COMING SEPTEMBER

Early Autumn Will Be Busy Season in Society Circles—Valentine, Lewis Nuptials at Country Club.
In Janesville society circles the coming September will be one of the gayest and busiest months in the annals of many seasons. For it is supposed that within the brief period of thirty days a quartet of notable weddings will remove from the city four of the fairest and most popular of its youngest sons and daughters. There will be numerous sons and daughters and card parties in honor of the prospective brides and the first of these will take place tomorrow afternoon when Miss Sarah Richardson and Mrs. Victor P. Richardson are to be wedded at a lawn party for Miss Elizabeth McKoy, daughter of Mr. and Mrs. George M. McKoy, who is to be wedded to Charles Quinlan of Milwaukee at St. Stephen's Episcopal church on Saturday, September 4. By reason of the University of Wisconsin associations of the principals this first of the series of weddings will be of unusual interest throughout the state.
The date of the wedding of Miss Agnes Shumway, daughter of Dr. and Mrs. Arnold E. Shumway, to Dr. Everett Lee Mason of Eau Claire has not been announced but it is to occur during the fortnight intervening between Sept. 4 and Sept. 18.
The marriage of Miss Grace Valentine, daughter of A. M. Valentine, and Rollin Lewis, is to take place at the St. Stephen's Episcopal church on Saturday evening, Sept. 18. It will be the first wedding service to be performed at the golf links and the precedent will doubtless find favor with others in coming years. Mr. Lewis, it is understood, has acquired a fruit ranch in the San Joaquin Valley, California, and the couple will journey to their new home in the west before the snow flies.
Miss Mabel Greenman, daughter of Mr. and Mrs. W. H. Greenman, and Frederic L. Reed of Sioux Falls, South Dakota, are to be wedded at the home on Court street during the latter part of the month. The date has been set and will be announced in the course of a few days.

TELEPHONE PEOPLE CONSIDERING SALE

Think Local Service Worth More Than Wisconsin Company Offers for It.
At a recent meeting of the stockholders of the Rock County Telephone company it was decided to appoint a committee to represent the stockholders in the negotiations with President Hart of the Wisconsin company that is seeking to buy the local company's stock. The offer of the Wisconsin company to take over the Rock County company's stock at \$100 per share and also to pay a bonus of \$15,000, the company's stockholders find that an independent valuation of the stock is not considered sufficient. The local company stock was sold to the Wisconsin company at \$100 per share. In view of the fact the local company's stock has been selling way above par it was decided to have a further conference relative to the matter before rejecting or accepting the offer made. Richard Valentine, Dr. F. H. Farnsworth and William Rager, Jr., were named as the committee to confer with Mr. Hart and within a few days such a conference will be held. The chances for the sale of the local company now appear to be much less than they were when the proposition was first made and it is doubtful if the deal goes through. The exchange of the Wisconsin company stock has not been talked of by the stockholders at an open meeting yet, although it is understood it will be made if the present deal falls through.

MAY LOCATE A FACTORY HERE

R. E. Willard of Chicago Seeks to Start a Plant to Manufacture Electrical Specialties.
R. E. Willard of Chicago, a friend of City Engineer C. V. Kerch, came to Janesville, Saturday, and looked over the ground with the idea of starting here a factory to manufacture electrical specialties. He was very favorably impressed and will come here again to confer with the business men about a week hence. Mr. Willard has heretofore been jobbing in the devices which he now seeks to manufacture. One of them is a switching apparatus for controlling the electrically from a trolley for street car lighting purposes and automatically shifting to a set of batteries whenever the trolley leaves the wire. There are a number of others. It is thought that the old Kent corn planter works would furnish suitable quarters and the building will be available as the package and cash carrier machinery is soon to be removed to Chicago.

ELKS PLANNING FOR NOTABLE ATTRACTION

Secure the Initial Production of the Opera "Lo" for August 27 at the Myers Theatre.
On Friday, August 27th, the annual Elks benefit performance will be given at the Myers theatre, the amusement committee having arranged for the initial performance of "Lo," a brand new musical comedy which will be presented in Janesville for the first time. The company is headed by John E. Young of "The Time, the Place and the Girl" fame and is supported by such stars as David Kirkland, Robert Wilson, Elizabeth Goodall, Dorothy Bremer, Juliette Hall, Maybelle Mayles and Juliette Lange. The opera is written by Franklin P. Adams, the well-known short-story writer of the New York Evening Mail, and O. Henry, the highest salaried short-story writer in America, and is being staged by Edward P. Temple, who staged the successful New York Hippodrome successes, and Lewis Morston, late of the London Coliseum. Harry Ashkin is the owner of the production, which carries sixty people and brings their own orchestra for the Janesville performance. On Sunday night following it opens the full season at the Davidson theatre in Milwaukee and it goes to Chicago for a run. Janesville is thus the real opening for the company, which is spoken of most highly in musical and dramatic circles as the show of the season.
F. & A. M.: Regular communication of Janesville Lodge No. 55, P. & A. M., at Masonic Temple at 7:30 tonight. Work in M. M. degree by past masters. Refreshments. The craft is invited.
Carpenters' Plans: The local union of carpenters are planning on having a picnic at Yonk's park Labor Day. The committee in charge have planned for a ball game, races and other amusements. Some of the music by a band will also be given.

FACTS WHICH CAN NOT BE DISPUTED

More Evidence of the Merits of Vurpillat's New Discovery—Statements of Some of the Relieved Sufferers—Office at 509 W. Milwaukee St. Chicago.
Phenomenal are the results received from the use of Vurpillat's New Discovery. Words of praise have been coming in daily but none are so convincing as those that produce evidence. Many people call at the office bringing with them cases or jars containing various parasites which have been expelled from their system by this medicine.
Then again there are an array of people who come to express their thanks for the removal of that dread disease, rheumatism. Some to tell of their release from deafness. Every class and every nationality was represented among the visitors at the office yesterday. Most of the crowd came either upon the advice of their friends or relatives, or upon their own initiative after listening to the truths that have nightly fallen from the lips of Vurpillat.
Some came to express thanks for benefits derived from the use of the medicine now being advertised by him. The crowd moved quickly and in a mass of sufferers receive gratitudes of advice and counsel by which they shall escape the dark side of life. Some were hurried by the torments of rheumatism, while others were the victims of stomach troubles. Some know nothing but misery for months and even years. Many were by-cases, but all went away filled with something more than ordinary hope.
The young, the old and the middle aged, men and women, awaited their turn to meet the eccentric young man. In the commencement of his visit here Vurpillat prophesied that during his stay he would receive many evidences of what the preparations were doing for them. He also stated that should a such trouble be the foundation of a great many cases, and that his great many as it is called, would prove very effective in all cases of rheumatism, simply by getting the stomach in working order.
That this prophecy has been fulfilled can not be doubted after a half hour spent at the young man's headquarters listening to what his callers have to say.
The following is the statement of one gentleman who has been benefited by the use of the New Discovery: Mr. Randolph, in the left ear, after a few minutes' application of the New Discovery Mr. McCombs said his hearing was very much improved.
The office is open daily from 10 a. m. to 4 p. m., where consultation and examination are given free to all by the eminent physician in charge.

SUNDAY IS HOTTEST DAY OF SUMMER

Temperatures Went to Above Ninety Five in Several Places in the City.
Sunday was the hottest day of the present summer and in several locations the thermometers showed a temperature of ninety-five and slightly above. The cool radius of the late evening and during the night some what cooled the atmosphere but this morning was again a scorcher despite the fact that the sun was not out from under the clouds. At noon to day several thermometers showed close to ninety. The rain which fell last night did not extend south as far as Rockford, although as far as can be learned it covered a good portion of the entire state.

Automobile Parties: The following automobile parties were registered at the Hotel Myers since Saturday noon: W. W. Rosenthal, Charles S. Frank, Tom Berry, and C. L. Zimmerman, all of Chicago; Mrs. F. M. Bertrand of Rockford and Mrs. H. A. Hall of Chicago; T. H. Kraus, Margaret Goulding, Alice Bloom, and Walter Smith, all of Chicago; Mrs. P. H. Winkley, E. H. Dudley, and C. N. Brown of Madison. Those who stopped at the Grand hotel were: Mr. and Mrs. A. V. Fox, Miss Lela Fox, Ralph Huntin, and Alex. Brown of Madison; W. F. Woodruff and party of five of Rockford.

LABOR WAR STEADILY GROWS

TROUBLE IN SWEDEN INCREASES DESPITE EFFORTS OF KING GUSTAVE.

PRINTERS JOIN THE STRIKERS

Union Announces That Teamsters Without Badges Will Not Be Permitted to Work and Attempt Will Be Made to Stop Cars.

Stockholm, Aug. 9.—King Gustave's efforts to settle the big strike which threatens to throw Sweden into a civil war, received a setback today when the printers quit work and joined the ranks of the idlers who now number nearly 325,000.

The national labor union issued a proclamation that beginning today every driver or wagon whose driver is not wearing a union permit badge will be stopped by strikers. No exception, it was stated, will be made for owners driving their own vehicles.

Expect Car Line Trouble. The union further threatened to frustrate the attempt of the Stockholm street car company to start its cars today on the important lines with the aid of the company's officials and strike-breakers. More than 1,000 telephone and telegraph employees will strike Wednesday.

King Gustave intervened yesterday in an endeavor to secure a compromise. His majesty sent a message to the parties at conflict exhorting them to come to an agreement at the earliest moment possible and advising arbitration of the disputed questions.

King Gustave's message had been read and approved at a cabinet meeting Saturday that his majesty summoned to the palace the two leaders of the warring factions, Director Von Sydow, of the employers, and Senator Rydqvist, president of the Federation of Trades Unions, for a conference.

The result of this conference has not yet transpired, but apparently his majesty's efforts for a peaceful solution of the trouble was without result.

Help from Other Countries.

The Employers' association is paying out \$40,000 daily to support its weaker members. The cash in the association's treasury is sufficient to keep up this support for three weeks, and when the funds in the treasury are exhausted the association has a reserve fund of \$4,500,000 which may be used. The strikers daily are receiving large contributions from Denmark, Norway, Finland, Germany, Roumania and Bulgaria.

A prominent journalist, Gustafson, has been summoned to court by the public prosecutor, charged with a crime against the penal code, that of exhorting the employees of the state railway to strike.

DEATH FOLLOWS HIS PARDON.

Son of Author of "America" Leaves Prison and Dies.

Des Moines, Ia., Aug. 9.—Samuel Francis Smith, ambassador, former mayor of Davenport and son of the man who wrote "America," who died in a hospital at Toronto, Canada, where he was taken from a train bearing him to Newton Center, Mass., to join his wife and daughter after five years' separation, was released last Thursday, from the state reformatory at Andover on orders from Gov. Carroll. His sentence was suspended because of his old age. Convicted of embezzling trust funds in Davenport five years ago, he had served five years.

Six years ago, Samuel Francis Smith was one of the most highly respected citizens of Iowa. A former mayor of Davenport, a brilliant lawyer, a banker, a pillar in church work, he had many friends and no enemies. Examination of his books showed that he was a defaulter to the extent of \$100,000 of trust funds entrusted to him.

PENNSYLVANIA OUTLAW SHOT.

Meets His Match After Years as a Bandit.

Harrisburg, Pa., Aug. 9.—Alfred Kinard, a Perry county outlaw, was seriously wounded in the Harrisburg hospital as the result of a desperate battle in a small mountain settlement north of this city, where he attempted to rob the store of Lewis Myers.

Holding up the entire hamlet at the point of his revolver, Kinard entered the store, but was interrupted by Oscar Holsley, who procured a revolver and opened fire on the desperado. Kinard fell after a half-dozen shots had been exchanged, but died to the home of his brother, Anson Kinard, several miles distant. The brother took him in, but sent for an officer and Kinard was hurried to the Harrisburg hospital. For years he has been noted for his daring lawlessness and is wanted on a score of charges.

Twelve in Fight with Knives.

St. Paul, Minn., Aug. 9.—Reports from the village of Chanhassen, Minn., about 15 miles from Minneapolis, say 12 drunken Austrian laborers engaged in a fight with knives in which two were perhaps fatally wounded. The fight started over an alleged insult to the woman cook.

Big Exports of Lumber.

Pensacola, Fla., Aug. 9.—The outward movement of lumber and timber from this port during the last week reached 18,000,000 feet, the largest in the last two years.

Foolish Waste of Effort.

Some women can't understand why others should do up their hair and try to keep on being attractive after they got married.

THREE DROWN WHEN MAN IGNORES HIS WIFE'S PLEA

Toledo Railway Employee and Two Friends Perish While Seven Are Rescued.

Toledo, O., Aug. 9.—Had a husband heeded the plea of his wife three persons, a man and a woman, would be alive today and seven others would not have had almost miraculous escapes from death when a launch capsized with a pleasure party in Maumee bay yesterday.

The dead were Harry Dill and Frank Lehaney, both railway employees, and Mrs. Mabel Hudson. Dill was the owner of the boat and took out the party of ten men and one woman over the earnest protests of his wife.

The woman was in the cabin and was unable to get out, although there were evidences of a desperate struggle on her part. The endangered men were rescued by fishermen.

Dill's young wife was prevented with difficulty from casting herself into the river at the scene of the catastrophe. She told the officers that her husband rarely went out in the launch without her, but that twice Saturday night he refused her request to return home or take her along.

Pueblo, Colo., Aug. 9.—The chair car and smoker of a Missouri Pacific passenger train went into the ditch at Avondale, 12 miles west of here. Five persons were injured. The cause of the wreck was spreading rails. The Pullmans left the track but did not overturn.

Memphis, Tenn., Aug. 9.—Carelessness or nervousness on the part of Arthur Bell, a negro porter, caused him to give a switch the wrong throw at Gallaway, Tenn., 24 miles east of this city, yesterday afternoon, and south-bound passenger train No. 103 on the Louisville & Nashville railroad crashed into north-bound passenger train No. 102, which was standing on the switch. Joe Lewis, of Memphis, engineer on the southbound train, met instant death and four others were badly hurt.

FEDERATION MEET IN PITTSBURG.

Federation of Societies Hold Big Convention in Smoky City.

Pittsburgh, Pa., Aug. 9.—One of the greatest gatherings of Catholics ever held in the country, the convention of the American Federation of Catholic Societies, is being held this week in Pittsburgh. It was opened yesterday with solemn pontifical Mass at St. Paul's cathedral, Bishop Regis Canavin being the celebrant. His Excellency Monsignor of Covington, Ky., delivered the sermon. In the afternoon there was a meeting of the delegates, and in the evening a big mass meeting was held in Carnegie Music hall.

and in the evening a big mass meeting was held in Carnegie Music hall. Congressman James F. Burke was chairman and the visitors were welcomed by Bishop Canavin, Mayor Magee and Gov. Stuart. Edward Peenoy of Brooklyn, president of the federation, responded. Walter George Smith of Philadelphia delivered an address on "Citizenship." The sessions of the convention and Wednesday.

Among the notable prelates present are Archbishop Messmer of Milwaukee and O'Connell of Boston, and Bishop McFall of Trenton, Mass. of Covington, Fitzmaurice of Erie, Schramm of Grand Rapids, Peeling of Lynn and Lavelle of New York. The Chicago delegation is headed by Thomas H. Cannon, chairman of the executive board; from Cincinnati comes Joseph Berning, C. B. Kewling and Adam Schmitt; from Detroit, Rev. Fr. Strife, C. H. Schulte, L. Webster and J. Gallagher, and from St. Louis Secretary Anthony Matro, Rev. J. J. Kohlmann and others.

GUIDE SAVES THE THREAD

Sewing Machine Attachment Keeps Cotton Running Straight.

Among the minor inventions of interest is the thread guide for a sewing machine devised by a Wisconsin man. This little contrivance appears insignificant, but it saves a countless number of persons using sewing machines to any extent, a great deal of annoyance and time by keeping the thread straight and by preventing its twisting about to connect with it. The guide consists of a disk with an opening to receive the pin or spool spindle and a flat arm projected upward from the edge of the disk and bearing an eye for the thread. Extending out through an edge of the arm is a slot, which admits of the eye being easily and quickly threaded and which also permits of loose action of the thread and eliminates the danger of its snapping. All sewing machines have some form of the one shown in the illustration so that it is easier to thread than others and the cotton is less likely to snap when run through it.

NATIONAL TRAITS.

It takes one hour to know a Frenchman, one month to know a German, one year to know an Englishman—well—Rome Corriere.

It is merely a waste of time to pity a man who is being made a fool of by a pretty woman.

G. A. R. MEET AT SALT LAKE CITY

NATIONAL ENCAMPMENT OF THE GRAND ARMY OPENS AT UTAH'S CAPITAL.

DECORATIONS ARE LAVISH

Metropolis Welcomes Old Soldiers and Provides for Them and Their Friends' Comfort—Commander-in-Chief Lefebvre There.

Salt Lake City, Aug. 9.—Martial music is heard in this city today—the kind of music that thrilled the hearts of the boys in '61-'65 and sent them into battle to do or die. Brass bands, too, toll of the arrival of the veterans of the forty-third national encampment of the Grand Army of the Republic, which Salt Lake intends to make memorable for the old heroes.

Plans for Their Comfort. Nothing that loving thoughtfulness could suggest has been overlooked in the effort to make the visitors comfortable and to provide for their entertainment. Commander-in-Chief Henry M. Lefebvre, who arrived Saturday with his staff, inspected the arrangements and declared them to be perfect.

Every in-coming train is met by members of the local committee on public comfort and private accommodations, and 24 information bureaus have been established at the railway stations and convenient places throughout the city. The committees will be assisted during the encampment by 300 high school cadets whose duties are to render every possible aid to the visitors.

Among those arriving were delegations from Ohio, Maine, New Hampshire, Vermont, District of Columbia, Michigan, North Dakota, Chicago, West Virginia, Iowa, Pittsburgh, South Dakota, Nebraska, Missouri and Indiana.

St. Louis and Atlantic City are the principal contestants for the honor of entertaining the next encampment. For commander-in-chief former Gov. Van Sant of Minnesota and former Attorney General William Ketchum of Indiana are mentioned.

City Handsomely Decorated.

The decoration of the city has been on a lavish scale. Every prominent building has been elaborately draped with bunting, handsome arches span the streets, and there is scarcely a residence in the city that does not display at least a flag.

Yesterday the city's guests began arriving by the thousands, and today they came so fast that the committee had to hustle to get them all housed in such a manner as to avoid congestion in any part of the city.

The first big public event on the program comes this evening. It is to be a great campfire in the assembly hall on the Temple grounds. Tomorrow night there will be a monster "Greetings" meeting in the Mormon Tabernacle. The grand review and parade, the climax of the encampment, will be held on Wednesday.

CONNER TO SUE COLLIER.

New York Democratic Leader Seeks \$100,000 for Alleged Libel.

Buffalo, N. Y., Aug. 9.—Papers will be filed here today by the county clerk by attorneys for William J. Conners, chairman of the Democratic state committee, in a suit against the owners of Colliers' Weekly, for \$100,000 damages because of an article published in the weekly, July 11, 1908. The complaint contains the entire article complained of, in which Mr. Conners alleges, he is charged with various crimes, including assault, secret murder, riot and conspiracy. John T. Fenton, an attorney of New York city, has filed an answer for Colliers, in which he denies there was any intention to bring the plaintiff into disgrace or that he has been injured.

WARNING NOTE FOR BLONDES.

Light Complexions Predominate in Prison, Says an Expert.

New York, Aug. 9.—A startling warning to blue-eyed, light-complexioned persons is uttered by Dr. Charles E. Woodruff, surgeon and major in the United States army, who has just completed a private tour of the prisons and asylums of the city and state.

Jails and other institutions, he says, are full of blondes who are unable to stand the struggle for existence in a climate to which they are unfitted and have fallen into poverty, disease and crime. The great trouble is the sunshine. There is too much of it in America for the blonde, says Dr. Woodruff.

DRINKS POP: SWALLOWS TEETH.

Then Come Surgeons Who Perform Operation on Stomach.

Punxsutawney, Pa., Aug. 9.—Few physicians ever operated upon a man with the same object as did the doctors at the Adrian hospital here when an abdominal incision was made on Peter Jackson, a white man.

Jackson, while drinking a bottle of pop at his home, dislodged his false teeth and swallowed them. A physician, unable to recover the molars, forced them into the man's stomach and then rushed him to the hospital, where the operation was performed. Jackson is in a critical condition.

Vanderbilt Horse Is Winner.

Paris, Aug. 9.—William K. Vanderbilt's Souleek II. won the Prix de Longchamps, two miles and one furlong, at Deauville.

Weight of Human Heart.

The average weight of the heart is from nine to 11 ounces.

A WATER NYMPH. Tom—Sho'd make a lovely wife. Dick—I don't think so. She loves the water so dearly that I fear she'd want one to live on watercress, watermelon and water ice all the time.

A PARTING SHOT. Doctor—Your case is a very serious one, sir, and I think a consultation had better be held. Patient—Very well, doctor, have as many accomplices as you like.

WENT TOO FAR. He—I was on pleasure bent. She—And then, before I knew it, I was broke.

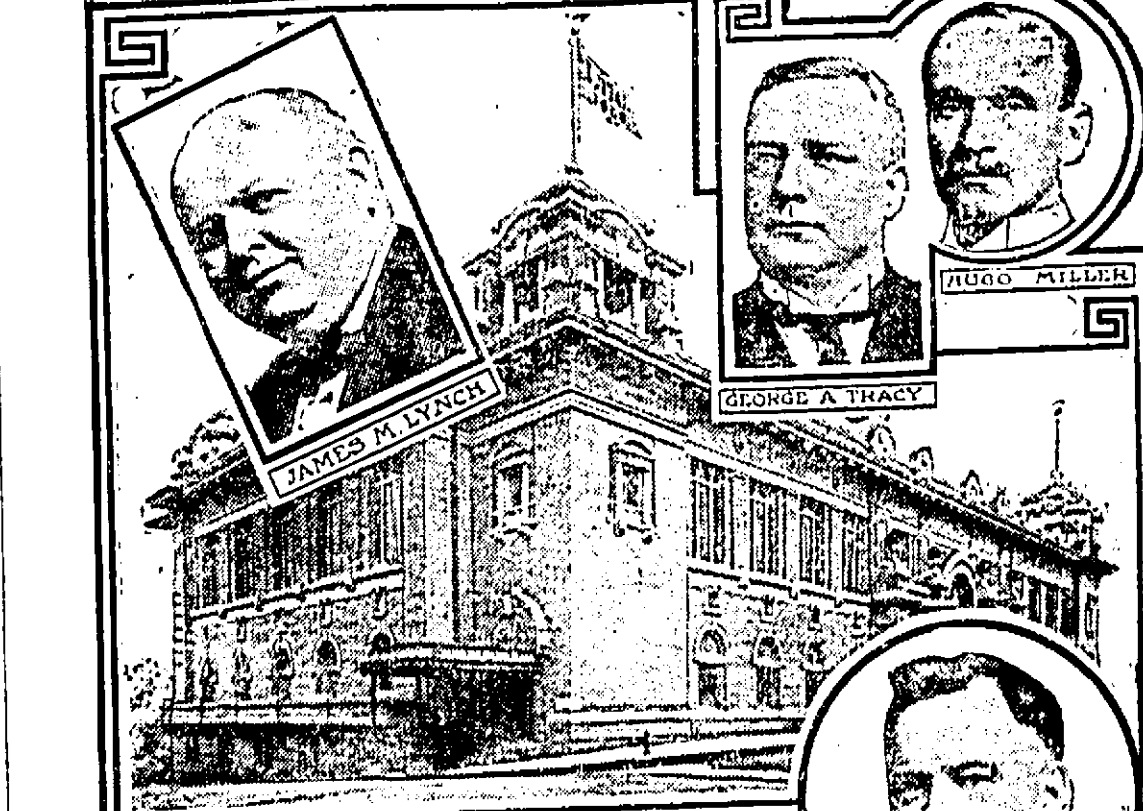

A TALKING MACHINE. Brother—How did you like my friend, Mr. Smith? Sister—Why, he yawned three times while I was talking to him. Brother—Perhaps he wasn't yawning. He may have been trying to say something.

Major Henry Leonard, presiding officer at the Sutton inquiry.

INTERNATIONAL TYPOGRAPHICAL UNION HOLDS ANNUAL CONVENTION AT ST. JOSEPH, MO.

Auditorium in which the convention will be held and the principal officer of the union, in cluding James Lynch, president; George A. Tracy, first vice president; Hugo Miller, second vice president, and J. W. Hays, secretary-treasurer.

St. Joseph, Mo., Aug. 9.—The city is planning to give the members of the International Typographical union the time of their lives. Delegations will be in attendance from all sections of the United States, Canada and Mexico.

Much interest centers around the latest advance step of the printers—propositions looking to a change of that of the old age pension. Several propositions looking to the perfection of this law will be submitted to the union and an effort will be made to secure their adoption. Another feature is an increase in the funeral home and a law making its application uniform throughout the international jurisdiction.

The souvenir, which in recent years has been a feature of the annual meeting of the printers, is now in press, and will be a creditable example of the printer's art.

Provisions looking to an extension of the correspondence feature of the international union, which was instituted for the purpose of enlarging the capacity of the members employed in the printing offices, will receive attention and means for enabling members to learn the typesetting machine operation will also occupy a part of the time of the convention.

The St. Joseph committee on arrangements has outlined the following program for visiting delegates: Saturday, Aug. 7, 2:30 p. m.—Trolley ride to Lake Country; refreshments for the ladies at the Lotus club; from 6 to 8 p. m. reception to the visitors from 8 to 11 p. m. by Auxiliary No. 6; at the Casino, from 8 to 12 p. m., general get-together meeting of delegates, ex-delegates and visitors, with entertainment, refreshments and music.

Monday, Aug. 9, a. m.—Opening session of International Typographical union in Auditorium; 2:30 p. m., ride over the city, visiting the various parks, lovers' lane, Jones James home and other places of interest, and grouping for a convention picture. Tuesday, Aug. 10, 9 a. m.—Convention; 1:30 p. m., this side-door Pullman at Carnegie street station for luncheon at Waterworks park. (P. m., Stamp club, Zing-Zins and the Illinois folk expedition at Ray's branch.) Wednesday, Aug. 11, 9 a. m.—Convention; 2 p. m. (ex-delegates' day); trolley ride to Lake Country. All concessions open to badge-wearers; bathing, boat riding, racing, sailing, motor-boating, athletics, fish dinner in park at 6 p. m.

Thursday, Aug. 12, 9 a. m.—Convention; 8 p. m., No. 40 celebrates its golden jubilee. Friday, Aug. 13.—All-day session of convention. Saturday, Aug. 14.—Convention will complete business and adjourn.

The printers' union is the oldest and largest trades union in the American continent, and its deliberations are conducted with tact and business-like judgment.

In 1915 the local organization will have had an existence of 100 years, at which the convention is expected to meet in this city, when it will be

Boys Fight Fatal Duel.

Augusto and Marcel Mulo, cousins, aged respectively 12 and 13 years, fought a duel with pistols at Ludes, France, recently, and the younger boy was killed. "My cousin called my mother a thief," Marcel said, "and said she had stolen money from our grandmother and I avenged her honor, but I am sorry now for what has happened."

Hobby for Brain-Pag.

Physically, mentally and often morally a good hobby is a business man's salvation. When his mind has been strenuously at work for many hours he has used up a large quantity of life force. If then he turns to his hobby for a change his brain experiences a relief and the jaded parts get rested.—Business Man's Magazine.

The Parachute.

The inventor of the parachute is unknown. In 1785 an Englishman named Blanchard constructed a parachute, in which he descended eight years later, but with such rapidity that he came near being killed. The first person who successfully descended from a balloon in a parachute was Andre Jacques Garnerin in 1797.
